TEQIP Sponsored International Conference on Computational Advancement in Applied Science and Engineering (IC2A2SE-2016) will be held at Narula Institute of Technology, Kolkata, India from 4th October to 6th October 2016. Narula Institute of Technology is an autonomous Engineering and Management College in West Bengal, India affiliated to West Bengal University of Technology and AICTE and is one of the best colleges under the JIS Group, Kolkata. IC2A2SE-2016 aims to bring together researchers, engineers and practitioners to present the latest achievements and innovations in the interdisciplinary research areas. It provides a platform to discuss the thought-provoking developments and challenges in these fields of research leading to potential new future directions. The primary objective of IC2A2SE-2016 is to encourage participation of young researchers, engineers, academicians as well as industrial professionals from all over the world to present their research results and exchange new ideas. It can be a good platform to establish research relations and to find global partners for future collaboration. We cordially invite you to participate in this exciting conference.

We greatly appreciate your interest in the IC2A2SE 2016 and look forward to meeting you and welcoming you to Narula Institute of Technology, India and IC2A2SE 2016 in October 2016.

Call for Papers

Organizing committee of IC2A2SE-2016 cordially invites the young and dedicated engineers, scientists, and researchers from industries, academic institutions and research centres to present their original ideas and findings in the emerging areas of advance computing and communication.

We also have the pleasure to invite challenging papers from the elite persons in research, industry and academics in the exciting and emerging interdisciplinary area in which a wide range of theory and methodologies are being investigated and developed to tackle complex and challenging problems.

Topics of interest for submission include, but are not limited to:

Track 1- Electronics and Communication Engineering

Track 2- Electrical and Instrumentation Engineering

Track 3- Civil Engineering

Track 4- Mechanical Engineering

Track 5- Computer Science

Track 6- Physics

Track 7- Chemistry and Chemical Engineering

Track 8- Mathematics

Track 9- Management Science

All accepted and presented paper will be published in **IOSR journals**
